To Whom It May Concern

We have worked with Enviroswitch for several years and it has been a pleasure. Enviroswitch provides a high quality service and always deliver to our specific needs. They service six of our sites all of which require cleaning, hygiene and pest control services. This company provides us as their customer services using the most well trained staff using quality equipment at a competitive price.

We would be hard pressed to consider any other company for our cleaning needs. We at Cheeky Tiger are happy to recommend the services of Enviroswitch.

Kind regards

Chanel
